

THE HONDO ANVIL HERALD.

THE ANVIL, EST. 1908 (CONSOLIDATED
THE HERALD, " 1911 OCT. 17, 1908)

HONDO, MEDINA COUNTY, TEXAS, SATURDAY, JUNE 10, 1916.

VOL. 30. No. 45

T. B. C. Lose Another Member.

Wednesday, May 31st, the telephones of the T. B. C. girls rang—Nothing unusual? No! But when we recognized the quiet voice of our tiniest member saying: "Come over about five, I have a little monkey to show you and you needn't bring your embroidery as it is so hot"—we all began to wonder.

When the guests arrived several kodak pictures were taken of the club—then the shock: "Come upstairs, I want to show you my Hope Box before I leave town." Amazed, the girls followed Pearl and viewed the dainty articles that had begun as a Hope Box but developed into a beautiful trousseau—for another of our members had fallen victim to that busy-little-body, "Dan Cupid" and was to leave our midst the next Tuesday.

Yes, we are jealous as can be, we know, but we have to give up one of our members to go so far away, we all feel that "Danny" has a spite out on our little club—because in one year and five days time we have had three brides, two of them moving to other towns.

A very pleasant afternoon was spent, but we all felt sad to think that that would be our last meeting with Miss Pearl Newton, but we were all invited to visit Mr. and Mrs. Othello Bradley in their home, so that will do just as well.

The hostess, assisted by her sisters, served delicious iced tea and cake.

Members present were: Mrs. P. L. Crain, Misses Bessie Mae Chancey, Lola Buchanan, Silva Haass, Elizabeth Schuehle, Emabel Rogers, Abbie Bradley, Mary Kempf, Nettie Newton and the hostess. Guest: Miss Effie Crain, Moore, Texas.

CONTRIBUTED.

Complimentary to Miss Newton.

On Saturday afternoon, June 3rd, the T. B. C. girls complimented Miss Pearl Newton, who is a bride of the week, with a kitchen shower, at the home of Miss Bessie Mae Chancey.

After several moments spent in "social chat," Miss Abbie Bradley sang two beautiful selections, "A Perfect Day" and "When I Marry You," accompanied by Miss Lola Buchanan at the piano.

The girls had tastefully decorated the room in sweet peas and shasta daisies, and in one corner of the room "Cupid" had built a little pond where the bride was to fish for her many little gifts of love from the girls.

When Pearl had fully recovered from her nervousness of being the "sure enough bride," she was given a fishing rod and told to try her luck in fishing. Well, she certainly proved her skill in fishing, as some of her fish were too large to be "fished" out and had to be "handed" out. However, she fished many useful gifts, and some were also very handy in demanding good behavior from the bridegroom. But every one hoped that the many little gifts would only be used in preparing a nice meal for "hubby," and the T. B. C. girls intend to visit Pearl some day and find out what results their little shower brought in the line of cooking.

Before the guests departed they were ushered into the dining room where refreshments consisting of ice cream and cake were served. At each plate a tiny candle was burning, the first one burning down being the next one that Dan Cupid would send forth with a solemn "for better, for worse." Of course every one present thought they knew who the next bride would be, but lo! and behold, when Lola's candle burned down first every one changed their mind and Lola began to worry about her "hope chest." Quite natural. Lola denies that she "squeezed" her candle until it went out, but those sitting next to her seemed to notice that she had strong hopes of being the next bride. Nevertheless her candle went out first, so it is supposed that the T. B. C. girls will soon lose another of their happy family.

Upon leaving every girl declared she had had a lovely time, but in each heart there was a pang of regret at losing one of their most enthusiastic members of the club. But Pearl will always be a T. B. C. girl, even though she is many miles away.

The members present were Misses Pearl Newton, Nettie Newton, Lizzie Schuehle, Abbie Bradley, Silva Haass, Lola Buchanan, Emabel Rogers, Mrs. P. L. Crain, Misses Bessie Mae Chancey and Mary Kempf. The guests of the evening were: Mrs. Henry Mercer, Misses Willie Fly, Effie Crain, Linnie Beal and Ruth Chancey.

CONTRIBUTED.

CLEAN UP AND PAINT UP NOW

Bradley-Newton.

A very quiet wedding occurred at the home of Mrs. W. E. Newton Tuesday morning at 9:20 o'clock when her daughter, Miss Pearl Newton, and Othello B. Bradley were united in marriage.

The wedding was an unusually quiet one on account of the continued illness of the bride's mother, only the immediate relatives of both bride and groom being present.

At the sweet strains of Lohengrins wedding march played by the bride's sister, Miss Nettie May Newton, the bride and groom descended the stairway and at the bedside of the bride's mother were made husband and wife. Dr. J. E. Harrison of San Antonio performing the ceremony in his usual solemn and impressive manner.

The bride was becomingly attired in a tan silk traveling suit with accessories to match.

Immediately after the ceremony the happy couple left on the east bound train, amid a shower of rice and good wishes, for Sulphur, La., where they will make their home.

Both bride and groom were reared in Hondo, the bride being one of Hondo's sweetest and most popular young women, and the groom numbers his friends by the legion.

F. F. F. Party.

Tuesday night is another night to be long remembered by us when Misses Ella Hardt and Bennie Hurt delightfully entertained with 42.

Some of the games were indeed very lively as some of the girls couldn't tell the difference between a "six-four" and a "blank-two" but when we saw the napkins coming, we all knew it was time to push the dominoes aside—"we did" for two delicious courses consisting of fruit salad, sandwiches, ice tea, cake and sherbert were served to Misses Lorene and Lucile de Montel, Christine Pike, Marie and Dora Filleman, Mabel Hollaway, Ethel Gaines and hostesses.

Woman's Missionary Society.

The Annual Meeting of the Woman's Missionary Society of the Uvalde District was held in Hondo Methodist Church Tuesday night and all day Wednesday of this week.

There were about thirty delegates and visitors present from over the district, and the program as published last week was carried out in full, which consisted of many interesting and helpful talks and discussions on the different departments of the work. One fact brought out in the discussion of the "Foreign Work in the Home Land," was that there are 300,000 Foreign born Mexicans in our State and the majority of these are in the Uvalde District.

All the sessions were presided over by Mrs. A. G. Person of Uvalde District Secretary.

Mrs. T. R. Horton of San Antonio, First Vice-President of West Texas Conference, was present, also Mrs. E. A. Lilly of Pearsall Ex-President of the West Texas Conference.

The noon hour was very much enjoyed by all present in a social way, as lunch was served in the Sunday School Auditorium, this giving everyone an opportunity to get acquainted. Most all the delegates left that night, and were loud in their praises of Hondo's hospitality.

Tuesday's Base Ball.

Tuesday Hondo made a visit to Sabinal and beat that team 9 to 2.

It was a punk game from every angle except from the fact that Hondo won, and that it served to fatten the batting averages of several players.

Sabinal started good but Redus had to retire after the first, account of sickness, but even if he was sick he seemed the pitcher Sabinal had that day. Jolly took up the burden after the first, but the team insisted on kicking the game away behind him, and they did. Hondo scored five times in the second on three errors, a base on balls, and a fielder's choice, and it was thusly all through the game.

Utzman pitched for Hondo and he didn't have a bit of trouble winning as he pleased, getting 12 strikeouts, and it was only after he let down in the 7th that Sabinal was able to score.

Speigle starred in this game, getting three out of Hondo's seven hits.

Barnes, a fair-haired kid catcher, caught for Hondo and worked nice. Adair worked well on second, getting two nice biffs also.

Space forbids us to give detail in this game. We content ourselves on the fact that with this we now have an odd game on the fast Sabinal team. Batteries—Sabinal: Redus, Jolly and Henderson; Hondo: Utzman and Barnes.

Services at Methodist Church.

Sunday School, 9:45 a. m.
Preaching 11 and 8:15 p. m.
Subject for morning sermon, "What Is the Christian Religion?"
Evangelistic service at the evening service.
Come and worship with us.

Judge and Mrs. Lamm Return.

Judge and Mrs. A. M. Lamm returned home on the noon train Wednesday from Birmingham, Alabama, where they had been to attend the Confederate re-union. While a little weary from the long trip they stood the journey fine for a young couple, and are already talking of taking in the re-union at Washington next year, where the Judge expects to see President Wilson as he reviews the parade. The Judge says they had a warm welcome to Birmingham, thousands meeting their train, and he is puzzled to know how they got on to the fact that they were coming; says they had plenty of good things to eat and availed themselves of the opportunity to fortify themselves against living in Hondo for sometime to come. The Judge says crops throughout the entire country traversed was below the average, the crops along the line of the Southern Pacific between here and Houston being no exception.

Judge Lamm brought back several pretty souvenir "reb" badges, while Mrs. Lamm captured two beautiful Confederate flags.

Mrs. Lamm said Texas had the best of everything at the reunion. Texas had the best band, the prettiest decorated cars in the parade—containing the handsomest matrons and loveliest girls, and that Hondo was represented by the best-looking man on earth!

Bohmalk-Koch.

Mr. George R. Bohmalk of Hondo and Miss Lenora Koch of Seguin were married Thursday, June 8th, 1916.

Mr. Bohmalk is one of Medina county's promising young men, son of Mr. and Mrs. R. E. Bohmalk, and has a host of friends here who will rejoice with him in winning so fair a helpmeet for life's journey.

The bride is the charming daughter of Rev. and Mrs. J. F. Koch, formerly of Quihi, but now of Elm creek, Gu-

BACK TO THE PRESIDENT WITH GOVERNMENT

FOUNTAIN OF JUSTICE MUST SPRING FROM THE HEARTHSTONE.

Head of Economic League Scores "Kangaroo Compromise Courts."

(Editor's Note.—The following is the sixth of a series of articles by J. S. Cullinan, Chairman of the Texas Economic League, on the Administration of Justice, to which subject the League is now addressing itself.)

By J. S. Cullinan.

No citizenship of any civilization ever faced as grave a crisis as that now confronting the people of Texas. I believe it is safe to say that not less than ninety per cent of the business concerns in this State are criminals as the law is now interpreted, and among the large concerns perhaps that per centage already stands convicted upon the court records. Either the legal area of crime is too wide for human endurance and commercial activity, or the Administration of Justice is faulty and incompetent. It is for the people to say.

It is the purpose of the Texas Economic League to get back to the fountains with government, and all citizens are invited to join in the work, and all classes have received recognition on the Executive Council of the League, for it is from the homes of the people that the fountain of Justice must spring, and it is from the hearthstone of the nation that integrity and wisdom must flow. Every man should exercise his right and perform his duty as a citizen, for to fail to do so is little less than treason against government. Let no mind be intimidated nor reason overawed by the acts of public servants, for in this nation the people should rule.

Office holders are not divine. That question was settled by the Magna Charta, when the subjects of King John presented that document to him at Runnymede at the sword's point, and which historians say was "the keystone of English liberty." For the information of, as well as a warning to, some of our public officials, I want to direct attention to the sixth provision of the Magna Charta, which states that "Justice shall not be sold, delayed or denied any man;" and at the peril of being tried for treason and having to employ attorneys to defend me, who have specialized on compromising cases, I want to repeat that statement to the citizens of Texas today: JUSTICE SHALL NOT BE SOLD, DELAYED OR DENIED ANY MAN. If the serfs of these feudal Kings dared hand their rulers that advice on the point of a sword, certainly it is safe for a citizen to repeat it to present day office holders through the columns of the press.

Office holders are not rulers; they are servants. That question was fought out by the Revolutionary war when General Putnam ordered his soldiers to "shoot to kill," and settled when Cornwallis surrendered at Yorktown, and was guaranteed every citizen by the Constitution of the United States. Our forefathers shed their blood and gave their great minds to the settlement of these questions that we might inherit more abundantly life, liberty and pursuit of happiness.

Neither are our statutes divine inspirations. Justice can be as easily deposed as enthroned by an act of the Legislature. A decree of the court can enforce wrong as well as right. A clever law can beat a train robber stealing, and designing office holders and shrewd lawyers can visit more injustice upon the people than any tyrant that ever wore a crown. There is no greater tragedy in human life than the destruction of character, and no man, no industry, no government can stand before the people guilty of misdemeanors, crimes and injustice. It is not the fault of the people; it is not the fault of our system of government. It is the fault of political lawyers who hold official positions in government and in industry, and who have set aside a self-appointed "Kangaroo Compromise Court." The juries have been excused and the courts are used to validate compromise agreements. This change in court procedure has not been voted upon by the people, and was never contemplated by the Constitution, and those who recognize it do so at their peril.

The people of Texas face today a situation equally as serious to the commonwealth as those who presented the Magna Charta to King John, or the patriots who fought King George in the Revolutionary war, and the people should meet it with equal courage. That question is SHALL JUSTICE BE COMPROMISED? It has been well said that he who compromises enslaves his children's children, and when that compromise affects both the character of our citizens and the integrity of business, it is doubly destructive to society.

The Quinine That Does Not Affect The Head Because of its tonic and laxative effect. LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness or ringing in head. Remember the full name and look for the signature of E. W. GROVE. 25c.

As a general thing, papa's pipe is popular with only one member of the family.

Drives Out Malaria, Builds Up System The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out Malaria, enriches the blood, and builds up the system. A true tonic. For adults and children. 50c.

Crying For Help.

Lots of It in Hondo But Daily Growing Less.

The kidneys often cry for help. Not another organ in the whole body more delicately constructed; Not one more important to health. The kidneys are the filters of the blood.

When they fail the blood becomes foul and poisonous.

There can be no health where there is poisoned blood.

Backache is one of the frequent indications of kidney trouble.

It is often the kidneys' cry for help. Heed it.

Read what Doan's Kidney Pills have done for overworked kidneys.

Read what Doan's have done for Hondo people.

Mrs. G. W. Monkhouse, Hondo, says: "One box of Doan's Kidney Pills, which I got at the Martin Drug Co., brought good results in strengthening my back and removing pains from which I had suffered."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Monkhouse had. Foster-Milburn Co., Props., Buffalo, N. Y.

Mr. Peavish says that the reason Mrs. Peavish is such a busy mother is because she puts in half her time at training little Pansy and the other half at raising Old Billy.

Teething babies always have a hard time of it when this process occurs in hot weather. They not only have to contend with painful gums but the stomach is disordered, bowels loose and the body uncomfortable. The best help you can give the little sufferer is McGee's Baby Elixir. It corrects sour stomach, cools and quiets the bowels and helps digestion. Price 25c, and 50c per bottle. Sold by W. H. Windrow.

Mr. Peavish says that at first Mrs. Peavish blushed when she came to him for money, and now she gets red-headed when he doesn't bring it to her.

If you have the itch, don't scratch. It does not cure the trouble and makes the skin bleed. Apply Ballard's Snow Liniment. Rub it in gently on the affected parts. It removes itching instantly and a few applications removes the cause thus performing a permanent cure. Price 25c, 50c and \$1.00 per bottle. Sold by W. H. Windrow.

If we lived in Germany there would certainly be a clash when the food dictator ordered us to eat olives without leaving the cores.

A regular morning operation of the bowels puts you in fine shape for the day's work. If you miss it you feel uncomfortable and cannot put vim into your movements. For all bowel irregularities Herbine is the remedy. It puts the system in fine, vigorous condition. Price 50c. Sold by W. H. Windrow.

When a man stole a horse in this country folks used to think he was a criminal; now he would be called crazy.

A bilious, half-sick feeling, loss of energy, and constipated bowels can be relieved with surprising promptness by using Herbine. The first dose brings improvement, a few doses puts the system in fine, vigorous conditions. Price 50c. Sold by W. H. Windrow.

Do not undertake to play politics. If you do any good you will have to work at it.

Children that are affected by worms are pale and sickly and liable to contract some fatal disease. White's Cream Vermifuge expels worms promptly and puts the child on the road to health. Price 25c per bottle. Sold by W. H. Windrow.

Of course our double-breasted frock coat may look hot; but it looks important, too.

Whenever You Need a General Tonic Take Grove's

The Old Standard Grove's Tasteless chill Tonic is equally valuable as a General Tonic because it contains the well-known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

Our observation is that love always finds a way, but doesn't necessarily pay its way.

WAREHOUSES SAVE MONEY FOR FARMERS

WHETHER OWNER WANTS TO BORROW OR NOT, HE SHOULD HOUSE HIS COTTON.

CORSICANA, Texas.—On invitation of the Texas Economic League, J. A. Thompson, banker of this city, has written his views for publication on the financing of cotton by the country bankers. On account of his activities along this line Mr. Thompson's views were desired by the League for the purpose of encouraging other bankers throughout Texas to co-operate with the farmers in marketing their cotton crop. The following is the substance of Mr. Thompson's communication:

When we consider the vast damage done to the cotton crop by exposure, the mode of handling it before it is marketed, I cannot see how any reasoning man can combat the warehouse system which will decrease such damage to a large extent if not eliminate it entirely. Especially, when such warehouse system carries with it a plan, making the cotton receipts easily available as security should owner desire to borrow, the necessity for such warehouse is all the more pertinent. And I go further and state that should it not become necessary for the farmer to ever borrow a dollar on his cotton, those who work their families—wives and children—in the cotton patch, and after the cotton is ginned put it out in an open yard, and in most cases, a mudhole, commit a crime that is almost unpardonable, whereas, if they would warehouse their cotton, they could save enough country damage, in most instances, to pay for the picking.

Banks Can't Lend at Six Per Cent.

I have shown my faith in this proposition, by becoming interested, personally, in five different warehouses in my county. I have also published letters to the farmers generally, telling them that warehouse receipts were not only good as security for money in the banks I am interested in, but were also good as security for the extension of their notes. I have used the warehouse receipts as such in times of low prices for cotton, until the market recuperated, and our customers sold at a reasonable profit.

However, I cannot adopt the view that country banks generally, under conditions which prevail, should be expected to lend money on cotton at six per cent. I only wish conditions were such in this country now, as to warrant the banks to lend money at six per cent and make a reasonable profit. If this were the case, I should really advocate that rate. That time will come, as our country progresses, and the country banks in this country has large deposits the year round and at such time they would be glad to reduce the rate and even make more profit than they now make, as most country banks, who were willing to help the cotton situation, borrowed money in 1914, and paid as high as six per cent for it, in order to help their customers.

Bankers Are Doing Their Share.

Banks are as necessary to the marketing of cotton as any other factor I know of. It seems to me that to advocate that banks should voluntarily and without profit, contribute more than their share to the cotton commerce, would be to advocate a failure of such banks and of such commerce; because it is just as unreasonable to expect farmers to raise cotton voluntarily, at a loss, as it is to expect banks to loan money at a loss and remain in business. It is my opinion, belief and experience that most banks do more than their share towards helping propositions of this kind.

A large number of our country banks have small capital and worst of all, small deposits, and are only able to take care of the farmers of their community at the present prevailing interest rates. The expense accounts of most of these small banks absorb six per cent, and to lend at that rate would be destructive to their business. Only banks with large capital and large deposits can make money at such a low rate, and I know of none outside of the reserve cities that can do so and prosper, and to advocate six per cent is to advocate the idea that all small country banks shall go out of existence, turn over to the larger banks their business, and drive farmers back to the old credit system with the high priced country merchants and this idea I am not willing to advocate.

HAVE YOU BEEN SICK?

Then you realize the utter weakness that robs ambition, destroys appetite, and makes work a burden.

To restore that strength and stamina that is so essential, nothing has ever equaled or compared with Scott's Emulsion, because its strength-sustaining nourishment invigorates the blood to distribute energy throughout the body while its tonic value sharpens the appetite and restores health in a natural, permanent way. If you are run down, tired, nervous, overworked or lack strength, get Scott's Emulsion to-day. It is free from alcohol. Scott & Bowne, Bloomfield, N. J.

Considering the manner in which some Americans(?) abuse the government of this (their own) country, it would seem that our laws against treason are a joke.

Bilious Attacks.

When you have a bilious attack your liver fails to perform its functions. You become constipated. The food you eat ferments in your stomach instead of digesting. This inflames the stomach and causes nausea, vomiting and a terrible headache. Take Chamberlain's Tablets. They will tone up your liver, clean out your stomach and you will soon be as well as ever. They only cost a quarter. Obtainable everywhere.

There are wildcats and wildcats. They are not all to be found in empty mines.

Greatly Benefited by Chamberlain's Liniment.

"I have used Chamberlain's Liniment for sprains, bruises and rheumatic pains, and the great benefit I have received justifies my recommending it in the highest terms," writes Mrs. Florence Slife, Wabash, Ind. If you are troubled with rheumatic pains you will certainly be pleased with the prompt relief which Chamberlain's Liniment affords. Obtainable everywhere.

Do not expect too much of others or too little of yourself, if you can help it.

Chamberlain's Colic, Cholera and Diarrhoea Remedy.

This is a remedy that every family should be provided with, and especially during the summer months. Think of the pain and suffering that must be endured when medicine must be sent for or before relief can be obtained. This remedy is thoroughly reliable. Ask anyone who has used it. Obtainable everywhere.

The bravest thinker on earth must keep some of it to himself if he wants out.

Sore Nipples.

Any mother who has had experience with this distressing ailment will be pleased to know that a cure may be effected by applying Chamberlain's Salve as soon as the child is done nursing. Wipe it off with a soft cloth before allowing the babe to nurse. Many trained nurses use this salve with best results. For sale by All Dealers.

Restored to Good Health.

"I was sick for four years with stomach trouble," writes Mrs. Otto Gans, Zanesville, Ohio. "I lost weight and felt so weak that I almost gave up hope of being cured. A friend told me about Chamberlain's Tablets, and since using two bottles of them I have been a well woman." Obtainable everywhere.

Our guess is that there isn't much moisture in gossiping about people you don't know.

Stomach Troubles.

Many remarkable cures of stomach trouble have been effected by Chamberlain's Tablets. One man who had spent over two thousand dollars for medicine and treatment was cured by a few boxes of these tablets. Price 25 cents. For sale by All Dealers.

Sometimes a resourceful woman rises so high in society her pa and ma can't reach her.

The Strong Withstand the Heat of Summer Better Than the Weak
Old people who are feeble, and younger people who are weak, will be strengthened and enabled to go through the depressing heat of summer by taking regularly Grove's Tasteless Chill Tonic. It purifies and enriches the blood and builds up the whole system. 50c.

The greatest conqueror is he who overcomes the enemy without a blow.

Made My Life Worth Living

"I feel it my duty to tell others what Chamberlain's Tablets have done for me," writes Mrs. L. Dunlap, of Oak Grove, Mich. "I have suffered with pains in my back and under my shoulder blade for a number of years, also with a poor appetite and constipation. I tried all of the remedies that I heard of, and a number of doctors, but got no relief. Finally a friend told me to try Chamberlain's Tablets. I got a bottle from all they sold and my stomach, my bowels became more regular. Today I feel like praising them to all who suffer as I did, for they have cured me and made my life worth living."

Good Eye-sight
is essential to health, comfort and appearance. Have you ever noticed a strained look on your face? Usually this comes from eye-strain. More wrinkles are caused by eye-strain than by old age. Headaches caused by eye-strain cannot be cured by medicine, it depends upon optical skill of the optometrist, who prescribes the glasses. Having had 16 years experience in Medina County assures you of satisfaction.

Slip a few Prince Albert smokes into your system!

You've heard many an earful about the Prince Albert patented process that cuts out bite and parch and lets you smoke your fill without a comeback! Stake your bank roll that it proves out every hour of the day. Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

There's sport smoking a pipe or rolling your own, but you know that you've got to have the right tobacco! We tell you Prince Albert will bang the doors wide open for you to come in on a good time firing up every little so often, without a

regret! You'll feel like your smoke past has been wasted and will be sorry you cannot back up for a fresh start.

You swing on this say-so like it was a tip to a thousand-dollar bill! It's worth that in happiness and contentment to you, to every man who knows what can be gotten out of a chummy jimmy pipe or a makin's cigarette with Prince Albert for "packing"!

R. J. REYNOLDS TOBACCO CO.
Winston-Salem, N. C.

This is the reverse side of the tin.

THE Prince Albert tin, red tin, and in fact, every Prince Albert package, has a real message to you on the reverse side. You'll read—"Process Patented July 30th, 1907." That means that the United States Government has granted a patent on the process by which Prince Albert is made. And by which tongue bite and throat parch are cut out! Everywhere tobacco is sold you'll find Prince Albert awaiting you in tippy red bags, 5c. tins, 10c. tins, 10c. hand-dome pound and half-pound tins, and in tin humidors and in that clever crystal-glass humidor, with sponge-moistener top that keeps the tobacco in such fine condition—always!

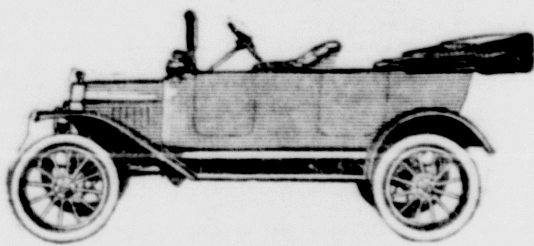

Ford

THE UNIVERSAL CAR

When over half the motor cars in America today—about a million and a quarter—are of one make, there must be a mighty good reason. In every kind of service, under all conditions of road and weather, Ford cars have proved to be the most dependable, economical and efficient servants of men. Touring car \$440; Runabout \$390; Coupelet \$590; Town Car \$640; Sedan \$740. All prices f. o. b. Detroit. On display and sale at

Gus Schrieber visited San Antonio yesterday.
H. W. Butts was a business visitor in San Antonio Friday.
Mrs. Fannie Broers was a visitor in San Antonio yesterday.

A license to wed was issued to Othello B. Bradley and Miss Pearle Newton, June 5th.

Shipments into Hondo the past week included 12 cars of cattle, 1 of oil and 1 of flour.

A marriage license was issued June 7th to Geo. R. Bohmfalk and Miss Lenora Koch.

One car of empty kegs, 2 of cattle and 1 of hay were forwarded from Hondo the past week.

Miss Doris McVea came out from San Antonio Friday on a visit to her sister, Mrs. J. B. Hurt, and family.

Prof. and Mrs. O. W. Peters are at Uvalde. Prof. Peters is teaching in the Summer Normal and Mrs. Peters is a student.

Dave Herman, who has been here on a visit to Joe Ney and other friends in this section, returned to his home in Galveston yesterday.

Rev. Hagemeyer will begin a protracted meeting at the Christian Church on the 3rd Sunday in July. The public is cordially invited to attend.

District Judge Burney passed through Hondo Friday en route to Rock Springs to hold court. District Court will last two weeks at Rock Springs and from there he will go to Leakey and then to Kerrville. Judge Burney will be so busy with judicial affairs that he will not have time to make a canvass of the district in the interest of his candidacy for re-election before the Democratic primaries, which will be held July 22, 1916.

Mr. and Mrs. C. W. Gilliam and son, Charles T. Gilliam, reached home Wednesday night from Annapolis where Mr. and Mrs. Gilliam had been to attend the graduating exercises of the naval academy, Charley being a member of the graduating class. This young gentleman is a native of Medina county and as far as we know will be the first naval officer this county has ever furnished to Uncle Sam's sea force. Charlie Gilliam was graduated from Peacock's school, San Antonio, 1911, and in 1913 entered the naval academy at Annapolis, Maryland, from which he was graduated June 1, 1916, and will, we presume, after a short furlough, be assigned to duty on one of Uncle Sam's warships. If the building program for the naval for which the American people are clamoring for is heeded by congress the day is near at hand when there will be an enormous increase in the United States' naval establishment and consequently a great demand for competent officers to command the ship, and there is every reason to believe that promotion will be rapid. Our people are always proud of the young men who are ambitious and are striving to make a place of honor for themselves, and the career of Medina county's representative in the navy will be watched with keen interest by a host of his boyhood friends.

"There's a good Farmer!"

As you drive through the country it's easy to pick out the farmers who are progressive and prosperous. A shiftless man allows his buildings to become shabby and weather-beaten. The thrifty farmer keeps everything neatly painted with

DEVOE
THE GUARANTEED
LEAD AND ZINC PAINT
FEWER GALLONS - WEARS LONGER

Of course, any paint you put on is better than no paint. But for long and satisfactory service we always recommend Devoe Lead and Zinc Paint because we can guarantee it to be absolutely pure. It contains no whitening, no silica, or any other worthless adulterants. That's why Devoe paint goes so much further and lasts so much longer than ordinary paint.

Come in and let us tell you how little it will cost you to paint with Devoe.

For Rent.—The two story residence next to Hondo Auto Sales Co. Garage. Apply to R. A. Carter at Garage.

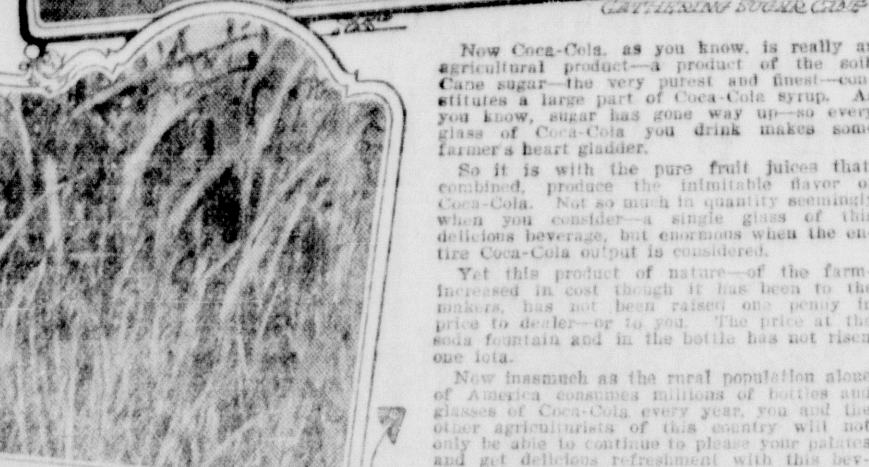

Miss Kate Henderson and Harry Heyen left Saturday for Uvalde where they are attending the Summer Normal.

Messrs. Will Matlock, Victor Houston and Shelly Barnes were here from Floresville this week playing ball with the local team.

What The War Is Doing For The Farmer

The European war is not an unmitigated evil; it is an unmitigated blessing for this country. We shall not attempt to go into the details of the question at all, nor shall we attempt to discuss the various phases of the situation. We shall simply state the facts as they are. The war has put the spotlight on the farmer. It has shown him that he is not a mere producer of food, but a man who is essential to the nation's survival. It has shown him that his work is not a mere routine, but a noble and heroic task. It has shown him that his product is not a mere commodity, but a precious resource. It has shown him that his life is not a mere struggle for existence, but a noble and heroic quest. It has shown him that his work is not a mere routine, but a noble and heroic task. It has shown him that his product is not a mere commodity, but a precious resource. It has shown him that his life is not a mere struggle for existence, but a noble and heroic quest.

Now Coca-Cola, as you know, is really an agricultural product—a product of the soil. Cane sugar—the very purest and finest—constitutes a large part of Coca-Cola syrup. As you know, sugar has gone way up—so every glass of Coca-Cola you drink makes some farmer's heart gladder.

So it is with the pure fruit juices that, combined, produce the inimitable flavor of Coca-Cola. Not so much in quantity seemingly when you consider—a single glass of this delicious beverage, but enormous when the entire Coca-Cola output is considered.

Yet this product of nature—of the farm—increased in cost though it has been to the makers, has not been raised one penny in price to deliver up to you. The price at the soda fountain and in the bottle has not risen one iota.

Now inasmuch as the rural population alone of America consumes billions of bottles and glasses of Coca-Cola every year, you and the other agriculturists of this country will not only be able to continue to please your palates and get delicious refreshment with this beverage at no increased cost, but you will be sending back to the farm bigger profits and more money at no greater expense to yourself.

Program for Junior League.

June 11th, 3 p. m.
Leader—Selma Stiegler.

Only A Dad.

Only a dad, with a tired face,
Coming home from the daily race,
Bringing little of gold or fame
To show how well he played the game.
But glad in his heart that his own re-
joice
To see him come and to hear his voice.

Only a dad of a brood of four,
One of ten million men or more,
Plodding along in the daily strife
Bearing the whips and scars of life
With never a whimper of pain or hate
For the sakes of those who at home
await.

Only a dad, neither rich or proud;
Merely one of the surging crowd,
Toiling, striving from day to day,
Facing whatever may come his way
Silent, whenever the harsh condemn,
And bearing it all for love of them.

Only a dad, but he gives his all
To smooth the way for his children
small.

Doing with courage set and grim,
The deeds that his fathers did for him.
This is a line that for him I pen
Only a dad, but the best of men.

—Detroit Free Press.

Weekly News Letter.

(Week Ending May 27, 1916)

LAMAR COUNTY

While the corn and cotton are small yet the stands are fine except of late cotton in places. Farmers are well up with their work; all cotton being chopped out. The oat crop prospect is very poor. Gardens are very good.

TRAVIS, HAYS, COMAL AND BEXAR

Those sections of these counties traversed by the I. & G. N. railroad are planted heavily to cotton, corn and sorghum cane, with cotton preponderating. All of these crops look well with a splendid season in the ground.

SUDDEN DEATH

Caused by Disease of the Kidneys.

The close connection which exists between the heart and the kidneys is well known nowadays. As soon as kidneys are diseased, arterial tension is increased and the heart functions are attacked. When the kidneys no longer pour forth waste, uric acid poisoning occurs and the person dies and the cause is often given as heart disease, or disease of brain or lungs.

It is a good insurance against such a risk to send 10 cents for a large trial package of "Anuric"—the latest discovery of Dr. Pierce. Also send a sample of your water. This will be examined without charge by expert chemists at Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. This "Anuric" of Dr. Pierce's is 37 times more active than lithia, for it dissolves uric acid in the system, as hot water does sugar. It relieves backache, lumbago, rheumatism, quickly. 50c. at druggists.

Fruit Exchange report that between 3,000 and 3,500 cars of peaches will be shipped from that State this season. The peach crop of Texas will not exceed 1,500 cars for shipment, and tomatoes not over 1,000 cars.

BAYLOR AND HASKELL COUNTIES

These counties show splendid stands of cotton, corn and feed-stuffs, with a 20 percent increase of cotton acreage. Cotton chopping is in progress and corn looks well but two weeks late. Grass is fine throughout the section and stock doing well.

WEST AND CENTRAL-WEST TEXAS

From Abilene to San Angelo via Ovalo, Bradshaw, Winters, Ballinger, and Miles, wheat will make from 5 to 10 bushels per acre; oats, nothing to 40 bushels. Cotton, 50 percent; badly over-run with weeds and from two to four weeks late. About Ballinger, Coleman, Sweetwater and Abilene small grain crops are rather inferior. Heavy rains Friday night over Eastland and Callahan counties and Saturday about Abilene.

CROP CANVASS

Replies to the Austin American's crop canvass from 213 points over the State show a slightly increased acreage of both cotton and corn with a good increase in the acreage of feedstuffs. This canvass covers 104 counties, and indicates heavier diversification than any previous year.

CASS AND ADJOINING COUNTIES

There is some improvement in Cass and adjoining counties over last week's reports. Crops of all kinds are all doing fine and crops in fair condition. Good growing weather with plenty of moisture. No insect complaint to amount to anything. Week closed cloudy and warm.

WEST TEXAS

"West Texas is in fine shape, crops look fine and cattle are getting fat."

Bad to Have a Cold Hang On.

Don't let your cold hang on, rack your system and become chronic when Dr. Bell's Pine-Tar-Honey will help you. It heals the inflammation, soothes the cough and loosens the phlegm. You breathe easier at once. Dr. Bell's Pine-Tar-Honey is a laxative Tar Syrup, the pine tar balsam heals the raw spots, loosens the mucous and prevents irritation of the bronchial tubes. Just get a bottle of Dr. Bell's Pine-Tar-Honey to-day, its guaranteed to help you. At druggists.

Institute Organizer Here.

Mr. Fletcher Davis, assistant organizer of Farmers' institutes, was here last Saturday evening and made a talk to a small audience. He urged the organization of farmers for the control of marketing their produce and told how it could be done. R. A. Cain made a good talk along the same lines. Eighteen new names were added to the local institute here. Delegates were selected to attend the state institute in July at Austin at which place there will be a great convention of farmers who will, in a three days session, try to do much good for their interests.—Mathis News.

A Laxative Blood Cleanser.

Don't put off taking a treatment of Po-Do-Lax. Your system needs a cleanser and tonic—nothing like Po-Do-Lax to purify the blood, gently move the bowels and stimulate the liver to healthy action. The first dose releases the accumulated poisons. It is a laxative tonic for young, adult and aged. Its mild non-gripping action commends it to delicate women. Guaranteed—a trial will convince you. Get a bottle to-day.

For useful employment there is no substitute.

\$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical profession. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

Address: F. J. CHERNEY & CO., Toledo, O. Sold by all Druggists. Take Hall's Family Pills for constipation.

CLEAN-UP NOTICE.

The Board of Health, having appointed the 29th day of June, A. D. 1916, as a "Clean-up Day" for the citizens of Hondo, therefore, this notice is to inform all the people of Hondo that the Mothers' Club of Hondo feels such great interest in this clean-up move that they wish and desire to see our town the equal or rather the superior of any town in Texas in hygienic cleanliness, that the dreaded typhus or any other dreaded disease will not invade our naturally healthy bounds. Wherefore we, the Mothers' Club, kindly ask all persons, freeholders, householders and temporary sojourners, to diligently clean up their premises, habitats and local surroundings in Hondo. Place the rubbish, garbage and refuse in old tubs, barrels or receptacle ready for removal to the dump ground. And we, the Mothers' Club, will provide conveyances by which such garbage, rubbish and refuse shall be conveyed to the dump ground, but respectfully and graciously ask that all parties, owners, renters and any body else, who will do the proper thing, to PAY the driver of the conveyance the sum of 25c. for a full load of rubbish, or less where there is not a full load.

Attend to this matter, dear people of Hondo, and help the Mothers' Club in having a clean and healthy town.

Respectfully,

MRS. H. J. MEYER,
MRS. W. A. SCHMITT,
MRS. R. F. THOMAS,
Committee.

H. J. MEYER,
W. H. SMITH,
JOE NEY,

"Clean Up and Paint Up"

WING into line with the Spirit of Springtime; take a tip from old Mother Nature. Maybe your house would look better for a coat of paint; or possibly the fence, outbuildings or screens seem a little dingy in the bright spring sunshine. How about your floors? Are they showing heel-marks? And has some of the furniture been scratched up? Painting, or varnishing, will not only beautify, it will make the wood last so much longer that it's actually cheaper to paint than not. Paint fills the cracks and holes where germs lurk, makes for sanitation. Spring calls for Paint. Heed the call of Spring!

The Best Place to Buy Paint

We have all kinds of paints, varnishes and brushes, at the most reasonable prices. Drop in and look them over.

Upper Hondo News.

The farms and country in general are just looking fine, prospects are good for a fine crop and the farmers are all wearing smiles. This is the report of E. S. Rieber who has been around in the community on business. Mr. G. E. Miller went to Hondo on business.

Mrs. Schellhase and children of George West are here on a visit to Mr. and Mrs. And Spratt.

There was a home guard organized here with quite a number of members, it may not be necessary for a guard at this time, but should duty call we believe all would respond, even those who have not yet enlisted.

The Farmers' Institute which was organized some time ago will probably have a called meeting next week at which some important questions will be discussed.

Messrs. S. E. and E. S. Rieber went to Hondo Saturday. Mrs. J. N. Turner, who has been visiting her sister, Mrs. Rieber, the past month, left with them. She will accompany them to D'Hanis and Mr. and Mrs. Ed Rieber will go back with them. Mrs. Turner says this is the best country she has seen.

The Rother school closed May 26, after a successful term. Among the reports of the year, the interesting fact is given that Harold Rieber has not been absent or tardy once in the past two years. On Saturday night following the day of the close of school an interesting entertainment was given that was enjoyed by all. The program follows:

Remarks by teacher.

Recitation, "The Last Day of School"—Cora Rieber.

Recitation, "The Dying Soldier"—Chas. Ross.

Song, "The Orphan Girl"—Pearl Smith.

Recitation, "The Girls that are Wanted"—Lucy Schelle.

Dialogue, "The Census Taker"—Hazel Miller and Otto Margulis.

Recitation, "Farmer John"—Harold Rieber.

Song, "Lightning Express"—Ida Margulis, Paula Spratt and Emilie Spratt.

Quotations—Wm. Schelle, Oscar Ross, Hy. Schelle, Fred Ross and Elmer Smith.

Recitation, "One Little Act"—Alma Mangold.

Recitation, "Words"—Paula Spratt.

Play, "Grandmother's Gold beads," Two scenes—Hazel Miller, Ella Vollmering and Hy. Rieber.

Song, "Blind Child's Prayer"—Louise and Ida Margulis and Emilie Spratt.

Recitation, "Mother"—Anna Miller.

Play, "Tricks," Two scenes—Mr. Growler, Louis Spratt; Henry, Hy. Rieber, Mr. Curry, Chas. Ross; Justice of the Peace, Walter Schelle; Pete, Harry Spratt; Belle, Dora Schelle; Hattie, Louise Margulis.

Upper Hondo, Tex., June 8, 1916.

Will My Child Take Dr. King's New Discovery?

This best answer is Dr. King's New Discovery itself. Its pleasant sweet syrup, easy to take. It contains the medicines which years of experience have proven best for Coughs and Colds. Those who have used Dr. King's New Discovery longest are its best friends. Besides every bottle is guaranteed. If you don't get satisfaction you get your money back. Buy a bottle, use as directed. Keep what is left for Cough and Cold insurance.

Sabinal Sentinel Siftings.

Miss Vera Jones was in San Antonio last week.

Mrs. A. F. Reinhardt returned Wednesday from a visit with the home folks at Centerville, Texas.

Mr. Joe Ney of Hondo was the guest of Mr. Joe Reilly Tuesday night and returned to Hondo Wednesday morning. He attended County Court in Uvalde Monday and Tuesday.

As a general thing, when a classic dancer tries to interpret the voice of Spring she takes off winter clothing.

Go With Us to Austin July 17th.

The time has arrived for all Farmers' Institutes, Junior Farmers' Institutes and Girls' Home Economics Clubs to select their delegates to the meeting of the State Farmers' Institute which convenes this year at Austin from July 17th to 19th inclusive. Each of these organizations is entitled to send one delegate for each twenty-five members or majority fraction of twenty-five as shown by the Secretary's records. Credential blanks and instructions have been sent your Secretary. If they have not been received apply immediately to the Department of Agriculture, Austin, Texas, and they will be supplied. Convene your organization at once and select from among those of your members who can attend the State Institute as many delegates as you are entitled to, being careful to make out all credentials and returns as required by the Department, and send in at once. If the credentials and returns are received in proper form and in time your delegates will be furnished free railroad transportation to the convention and return.

If each organization will avail itself of this privilege it will give several members an opportunity to attend a profitable meeting as well as visit the state capital and otherwise have a pleasant and profitable trip. Special programs for the ladies and girls are being arranged and girls belonging to the Home Economics Clubs going unattended will be met at the depots in Austin and properly chaperoned while in that city. If you expect to secure free transportation you must act at once. Don't delay. Send all credentials or other communications to The State Department of Agriculture, Austin, Texas. Exchanges will greatly oblige us by reproducing or calling attention to the contents of this article. Join us in urging the attendance of a full corps of delegates from every Regular Farmers' Institute, Junior Farmers' Institute and Girls' Home Economics Club in Southwest Texas at the meeting of the State Farmers' Institute in Austin July 17th to 19th inclusive.

Yours to serve,
FLETCHER DAVIS,
Field Agent
The State Department of Agriculture.

Economics Club Convention.

Austin, Texas, May 31, 1916.

Dear Club Girls—

I have received in quite a number of the lists of delegates but not all of them. Those of you who have not sent in your lists must do so right away. Don't hesitate longer.

Now girls, we want and need all of our girls at the convention and want you who have been too busy with school to appoint your delegates right away and send their names for transportation. You must not neglect this if you expect to attend. Our time limit is almost up.

I am also receiving some reports of canning work, several of our girls have canned nearly a hundred jars of fruit and vegetables each so far. Our lessons now are on canning which should be very helpful to you at this time. I am sending you another today for this week's study. Send me reports of the work you are doing along the canning line. School is over now and you should be able to make a record-breaking report on this work.

Our plans are shaping themselves up nicely for the convention. We have arranged a splendid program for you, and the State University is preparing to conduct a home economics school which will be of such splendid value to you.

We have received some splendid letters from Mrs. Landrum from New York. She is so very busy there that she can take but very little time from her work, but is well and happy. She will write you as soon as she gets a moment.

Sincerely yours,

MRS. M. D. WYATT,
Secretary Home Economics Club,
State Department of Agriculture.

How to Get Rid of a Cold.

Read how C. E. Summers, Hol-dredge, Neb., got rid of his cold: "I contracted a severe cough and cold and could hardly sleep. By using Foley's Honey and Tar as directed my cough was entirely cured and I give it full credit for my speedy recovery." Foley's always soothes and heals. Children love it. Sold everywhere and by W. H. Windrow in Hondo.

TAKE POLITICS OUT OF JUSTICE, PLEA OF FARMERS' UNION HEAD

Use of Powers of Office to Advance Personal Ambitions is Crime Against People, Says H. N. Pope.

Fort Worth, Texas.—Taking politics out of justice has been advanced as a cure for injustice by H. N. Pope, president of the Texas Farmers' Union, in a contribution to the Texas Economic League's discussion of the administration of justice, received by that organization. Pope's article says in part:

"The discussion of the administration of justice now going in the press deeply concerns the farmers of this state, for it is they who are the final sufferers from injustice, and I would like to see more of them join in this discussion.

"The farmer of Texas must diligently study government. It is as necessary to his prosperity that he be a capable citizen, as that he be a capable plowman. His welfare depends as much upon sound legislation and capable public officials as it does upon making two pumpkins grow where one grew before. His happiness is as much dependent upon his receiving a fair division of the profits of his labor as it is upon the fertility of the soil. His success is as much dependent upon honest, intelligent and patriotic citizenship as it is upon the diversification of farm products. To secure the blessings of society which are rightly their own, the farmers must organize, think together and vote together. They must be able to separate the theorist from the doer; the braggart from the achiever, and the capable from the incapable. In both men and measures affecting the public weal, and the penalty for failure to do so is poverty, oppression and ruin.

Take Politics Out of Justice

"There have been many able suggestions advanced as a remedy for the injustice which we now endure, and as a farmer I want to give my views on this subject. I would suggest taking politics out of justice as a cure for injustice. When an official of state, whether he be in the legislative, administrative or judiciary department of government, takes an oath of office, he should then and there quit playing politics with the people of his office.

"The man who takes an oath of office enters into a divine covenant with the people. He has no more right to use his authority in paying political debts than he has to sell the office furniture and pay his grocery bill. He has no more right to use the seal of the great state in advancing his political ambitions than he has to sell state bonds and appropriate the proceeds to his financial credit. An official who violates his oath of office ought to be prosecuted for perjury, and an official who undertakes to pry open the backdoor of fame with a lawsuit, ought to be arrested for burglary.

"The farmers of this state have just cause to complain of the inefficiency of government. The number and the per cent of tenant farmers never were greater, which is a true barometer to agricultural conditions. There never was a time in the history of this nation when prosperity was more completely withheld on its journey to the farmer, or when misfortune reached him so easily as at present.

Prosperity Withheld.

"Likewise, the business interests have their troubles. Any political law suit filed against industry ought to be styled 'The Politicians vs. the People,' and the verdict ought to be that the politicians are guilty of slaughtering industry, and they should be sentenced to quit playing politics or resign their office.

"The farmers get too much salvation and not enough co-operation from government, too much politics and not enough business. If the administrative branch of government could give us prosperity by filling political law suits, then the tenant farmers would all be rich. If the legislative branch of government could cure the evils of society by increasing the volume of laws, we would have a perfect civilization. If the judiciary branch of government could give us justice by making political speeches from the bench, then we would have no more injustice within our realm.

"The farmer cannot expect in government to reap something he does not sow. Any more than he can plant hickories in the soil and harvest grain it is no more possible to make a statesman out of a politician than it is to make a silk purse out of a sow's ear. The farmers of Texas must face the situation squarely. We are the predominating class, and we cannot escape the responsibilities of government. Upon our shoulders rest largely the destiny of Texas, and upon our ballot the policy of government depends."

You Need a Tonic

There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardui, the woman's tonic. Cardui is composed of purely vegetable ingredients, which act gently, yet surely, on the weakened womanly organs, and helps build them back to strength and health. It has benefited thousands and thousands of weak, ailing women in its past half century of wonderful success, and it will do the same for you. You can't make a mistake in taking

CARDUI

The Woman's Tonic

Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark., says: "I think Cardui is the greatest medicine on earth, for women. Before I began to take Cardui, I was so weak and nervous, and had such awful dizzy spells and a poor appetite. Now I feel as well and as strong as I ever did, and can eat most anything." Begin taking Cardui today. Sold by all dealers.

Has Helped Thousands.

UCH! CALOMEL MAKES YOU SICK. DON'T STAY BILIOUS, CONSTIPATED

"Dodson's Liver Tonic" Will Clean Your Sluggish Liver Better Than Calomel and Can Not Salivate.

Calomel makes you sick; you lose a day's work. Calomel is quicksilver and it salivates; calomel injures your liver.

If you are bilious; feel lazy, sluggish and all knocked out, if your bowels are constipated and your head aches or stomach is sour, just take a spoonful of Dodson's Liver Tonic instead of using calomel. Dodson's Liver Tonic is real liver medicine. You'll know it next morning because you will wake up feeling fine, your liver will be working, your head aches and dizziness gone, your stomach will be sweet and bowels regular. You will feel like working. You'll be cheerful, full of energy, vigor and ambition.

Your druggist or dealer sells you a 50 cent bottle of Dodson's Liver Tonic under my personal guarantee that it will clean your sluggish liver better than any calomel; it won't make you sick and you can eat anything you want without being salivated. Your druggist guarantees that each spoonful will start your liver, clean your bowels and straighten you up by morning or you get your money back. Children gladly take Dodson's Liver Tonic because it is pleasant tasting and doesn't gripe or cramp or make them sick.

I am selling millions of bottles of Dodson's Liver Tonic to people who have found that this pleasant, vegetable, liver medicine takes the place of dangerous calomel. Buy one bottle on my sound, reliable guarantee. Ask your druggist about me.

TAN-NO-MORE AND FRECKLELEATER

Two of the most Scientific Beautifying Agencies Known.

TAN-NO-MORE

THE SKIN BEAUTIFIER

The scientific combination of Cream and Powder. Delightful in appearance and pleasing in its effect. Used during the day it is a protection from the sun and wind. In the evening it soothes a sunken complexion.

The Beverage Of The Masses

All Records Smashed

The Pacific coast is amazed by the wonderful performance of Buick new D-45 Six—making 457 miles in Los Angeles-San Francisco run in ten hours and forty-seven minutes, one hour and twenty-three minutes faster than any previous record. The trip was made in a stock car. The time made was three hours better than the Southern Pacific's Limited. The trip was made without the slightest mishap. At Covington, Tenn., during the County Fair just held, the dealers built an incline, 35 per cent grade, and the Buick was the only car that could gain the top. Those in contest were: Overland, Studebaker, Maxwell and Ford. All of them made several trials and failed to reach the top. Three cars of Buicks were sold on the grounds on the strength of the test.

W. D. Love Announces.

To the Voters of Medina County, Texas:

In compliance with the earnest solicitations of many persons throughout this Judicial District, as well as my own inclinations, I have announced as a candidate for the office of District Judge of the 38th Judicial District of Texas, subject to the action of the Democratic Primaries.

It will be impossible, and I believe unnecessary, for me to see, personally, all the voters of the district, as I am known, at least by reputation, throughout the District.

If elected, I pledge faithful service, an impartial, energetic, yet courteous treatment to every person coming before the Courts of the district.

I respectfully solicit your vote, and influence.

W. D. LOVE.

Experts Say Medina County Has An Oil Field.

One of the most representative parties of oil men in the State of Texas gathered themselves together in San Antonio last Sunday and made a trip to Hondo to look over the oil situation in Medina County. In the party were Mr. J. C. Stevens, originally of Chicago, Ill., and who has had extensive operations in all the Southern oil fields. Mr. Carl Mull of the Pennsylvania oil fields, who drilled the first oil well in the Alta Vista field. Mr. W. M. Reeves of San Antonio, a Geologist and Oil Expert. Judge Posey of Austin, Texas, one of the best posted lawyers in Texas on the oil business. Mr. Mack Washbaugh of New York City who has the distinction of having been in every oil field in the world, including the great Russian and Mexican oil fields. Also in the party was Mr. Jim Copeland, Superintendent of the foundry and machine shops of the Alamo Iron Works of San Antonio, and recognized as the best posted man in Texas on oil well machinery.

The party left San Antonio early Sunday morning and spent the whole day driving over Medina County and at the well of the Hondo Oil & Gas Company. The whole party became very much enthused over the oil situation here as a result of their investigation there are some deals pending now which may result in the further development of this county for oil.

Mr. Washbaugh stated that he had never seen a better formation for an oil field than in the rock found on the Nic Koch land about three miles west of town, and expressed himself as being confident the Hondo Oil and Gas Company would bring in an oil well where they are now drilling.

This company is now about nine hundred feet deep and have reached the point where they may expect to go into the pay sand any time.

Mr. J. W. Kemp, President of the Hondo Oil & Gas Company, requests the Anvil Herald to thank all those who have assisted in the drilling of this well, for their moral and financial support, and he also states that anyone wishing any information in regard to the company will be furnished full and complete details if they will call at the office and see Miss Georgia Perkins or Mr. Albert S. Leach, who are in charge of same.

For correct information as to any rumors that may become circulated, Mr. Kemp also requests that you call at the office, as it is so easy for misrepresentations to become circulated, and he will be glad to explain any matter pertaining to the Hondo Oil & Gas Company that you do not understand.

Base Ball Thursday.

Sabinal came to town on Thursday with perhaps the strongest lineup they ever had, determined to even up the "serious," but fate and our Brennan said them nay.

The wild Irishman was good, and he deserved to win, but it must be said that he had a real-honest-to-goodness ball team behind him, and although Hondo picked a few they didn't hurt. Brennan is a fine pitcher, perhaps the best we ever had, and he would take better if he would keep himself in better condition. He is a good workman and has the necessary skill to go higher than this league if he wants to.

There wasn't any fancy playing in this game and no heroes. The entire team played good, consistent ball—no better than they are able to play, and no worse. That the team was able to score four runs on five hits showed that they took advantage of everything that came up. Barnes, perhaps, showed up a wee bit strong. He got two nice hits, stole two bases and made a score, when after reaching 3rd on a nice hit, a pass ball and a steal, he came home when Sabinal's catcher let one slip by him, making the fourth and last score for Hondo.

Pud Brennan got into serious difficulty in the 8th, allowing one score, but fast work on the part of his team mates held everything safe, to the relief of Floyd Slater who swallowed two ten cent plugs of horseshoe in the excitement.

Sabinal started a new pitcher named Hicks, and he was going fine when he ducked into a fast one with his right front finger which tore off the nail and putting him "hors de combat." This little incident may have won the game for Hondo, for he was plum mysterious in his methods and ways up to that time.

Each team made two errors and got five hits, one of Hondo's going for an extra base; Hondo stole five bases, Sabinal two: Strikeouts by Brennan, 9, Hicks 4, Jolly 2, Lee 7, so from the summary we take it that Hondo simply outplayed the visitors by about 20 per cent.

Batteries—Sabinal: Hicks, Jolly, Lee and Rusk; Hondo: Brennan and Barnes. Umpire: Smith.

Quality First

I Have a 3400 r. p. m Ready This Minute For You

This certainly is a great year for selling cars. Most everybody has had success. Some more than others, as is always the case.

Chalmers sales are running 900 per cent ahead of last year all over the United States. Mr. Chalmers' foresight in doubly providing against a shortage of materials has won a great contest.

It has enabled the Chalmers plant to keep on building cars when one or two have shut down or others have had to cut down on allotments to their dealers.

Here it is June and the great Chalmers plant is running day and night, three shifts, turning out more cars than ever before.

How long can Chalmers keep filling the demand?

I don't know. I know only this: the plant is turning out about 125 a day; Chalmers dealers are selling about 425 a day.

The only reason I or any other dealer can supply a car now is because during December, January and February the Chalmers plant worked day and night like Trojans and built about 125 cars a day when the dealers were selling probably only about 80. Soon these 425-a-day sales are

going to eat up the surplus made during the Winter months.

I got a letter a few days ago from the Chalmers plant which simply said: "We have on hand orders asking for immediate shipment of cars whose value is in excess of \$8,000,000."

I need not narrate the rest of the note which was so obviously subtle that I got the telegraph operators on the job right off.

I'm making my promises on delivery from day to day. I've got cars or can get them now. This may not hold good tomorrow.

Next week I shall cut my promises down still more. Remember, there are only two things that I concern myself with these days. One is to get you to take one ride in a 3400 r. p. m. Chalmers if you have not done so already. That's all I want. The car speaks in a language you'll understand.

The other thing is simply one of mathematics: If the Chalmers factory can turn out 125 cars a day and Chalmers dealers all over the United States are selling 425 a day, how long will the supply last?

Price still unchanged—\$1090 Detroit.
